~~DRAFT PRIVILEGED WORK PRODUCT~~

~~DELIBERATIVE PROCESS~~

In previous Congressional testimony, I referred, under oath, to the fact that the Federal Bureau of Investigation (FBI) had completed its investigation of former Secretary Clinton's personal email server. Due to recent developments, I am writing to supplement my previous testimony. In connection with an unrelated case, the FBI has learned of the existence of emails pertinent to the investigation. I am writing to inform you that yesterday, I decided the FBI had an obligation to take appropriate investigative steps to review these emails to determine whether they contain classified information, as well as to assess their importance to our investigation.

While at this time the FBI cannot yet assess the significance of this material, I believe it is important to update the Committee about our efforts in light of my previous testimony.
