

CNN February 2018

The study was conducted for CNN via telephone by SSRS, an independent research company. Interviews were conducted from **February 20, 2018 – February 23, 2018** among a sample of **1,016** respondents. The landline total respondents were **405** and there were **611** cell phone respondents. The margin of sampling error for total respondents is +/-3.7 at the 95% confidence level. The design effect is 1.42. More information about SSRS can be obtained by visiting www.ssrs.com. Unless otherwise noted, results beginning with the March 31-April 2, 2006 survey and ending with the April 22-25, 2017 survey are from surveys conducted by ORC International. Results before March 31, 2006 are from surveys conducted by Gallup.

**EMBARGOED FOR RELEASE:
Sunday, February 25 at 9:00 a.m.**

Q1. (A1) Do you approve or disapprove of the way Donald Trump is handling his job as president?

	Approve	Disapprove	No opinion
February 20-23, 2018	35%	58%	7%
January 14-18, 2018	40%	55%	5%

Jan 14-16, 2011*	33%	66%	1%

****NOTE:** Question wording in January 2011 referred to "the shootings which occurred in Tucson Arizona, in which Jared Loughner allegedly shot a congresswoman and 18 other people;" In December 2012, "the shootings which occurred recently in an elementary school in Connecticut;" In June 2015, "the shootings which occurred in Charleston, South Carolina in which Dylann Roof shot nine people during a bible study in a historically black church;" In June 2016, "the shootings which killed 49 people last weekend in Orlando;" In October, 2017, "the shootings which killed 58 people earlier this month in Las Vegas."

Q24. How worried are you that you or someone in your family will become a victim of gun violence? Are you...

	Very worried	Somewhat worried	Not too worried	Not worried at all	No opinion
February 20-23, 2018	25%	32%	25%	17%	1%
June 16-19, 2016	11%	33%	33%	22%	*

MORE ON METHODOLOGY

A total of **1,016** adults were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. Interviews were conducted in English and Spanish. Interviews were conducted February 20-23, 2018. Among the entire sample, **33%** described themselves as Democrats, **23%** described themselves as Republicans, and **44%** described themselves as independents or members of another party.

All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage.

Results for the full sample have a margin of sampling error of **+/-3.7** percentage points. For the sample of **909** registered voters, it is **+/-3.9** percentage points.

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/-8.5 percentage points or less once adjusted for design effect. Some subgroups represent too small a share of the national population to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups, but results for groups with a design-effect adjusted sampling error larger than +/-8.5 percentage points are not displayed and instead are denoted with "N/A".
