MORE ON METHODOLOGY

A total of **1,006** adults were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. Interviews were conducted in English and Spanish. Among the entire sample, **38%** described themselves as Democrats, **24%** described themselves as Republicans, and **35%** described themselves as independents or members of another party.

This study was conducted for CNN via telephone by SSRS on its Omnibus survey platform. The SSRS Omnibus is a national, weekly, dual-frame bilingual telephone survey designed to meet standards of quality associated with custom research studies.

All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage.

Results for the full sample have a margin of sampling error of +/- 3.6 percentage points.

Interviews were conducted among a representative sample of the adult population, age 18 or older, of the United States.

Margins of sampling error for subgroups included in the crosstabs are as follows:

Male	+/-5.0
