CONTENT MIX

The Best of Time Warner

Programming specific to airports & relevant to air travelers.

The network is programmed live, 24 hours a day, and has a dedicated staff to adapt to the ever-changing needs of our airports. CNN Airport Network does not air footage of commercial aviation crashes and other stories that would be inappropriate for a family-friendly airport environment.

Programming Highlights

World-class entertainment

Our network has unparalleled access to content from Time Warner's world-class entertainment brands such as Warner Brothers, TBS, and truTV. With so much variety to choose from, we have the unique ability to target seasonal family travel with kid-friendly content from Cartoon Network or to lighten things up during certain day parts with short segments from popular shows such as Conan, The Carbonaro Effect and HBO's award-winning Real Sports.

NEW PROGRAMMING

Highlights of our Newest Shows

Critical acclaim for CNN's new Original Series

Top-rated Emmy and Peabody award-winning Anthony Bourdain: Parts Unknown, which follows the world-renowned chef and bestselling author as he travels across the globe to uncover the little known, the off-the-road, and seemingly sometimes deceptively familiar, areas of the world in a celebration of its diverse food and culture. Other CNN Original Series to include the acclaimed series United Shades of America, The Wonder List and The Decades (60's, 70's, 80's, 90's) .

PASSENGERSRAVE

Compelling Content

Along with traditional Nielsen Research that tells us **90% of viewers feel that Airport Network enhances the airport environment***, our viewers and our airports use social media to let us know they love our new programming.

Jeremy Cohen @RedNoseJeremy · Aug 29

Just In: A gate of angry delayed passengers watches @M_Carbonaro on @CNNAirportNet. Riot averted. #TheCarbonaroEffect

Scott Elmore @scottelmore · Sep 22

Got to see the folks from @AUSTinAirport on @CNNAirportNet this morning talking about lost and found and helpful travel tips - #airports

First Time Caller @KCSportsNerd · Sep 21

@KCIAirport @CNNAirportNet @nfl Got it. Thanks for the explanation. And great win, @KCChiefs !
📍 Los Angeles, CA

Rod Rakic @rodrakic 27 Dec 2016

@CNNAirportNet is playing "The Last Steps" documentary. I of course immediately get engrossed.

EQUIPMENT

Leading Edge Technology

Take advantage of CNN's technical expertise, system design experience, buying power and vendor relationships to put together a **top notch television network** in your airport.

- Latest display screen technology - large high definition **LCD flat panel** display screens
- Select either **ceiling mounted** or **floor stand** display screen installation
- Audio distributed from ceiling mounted speakers located directly above passenger seating areas and away from passenger transaction areas provides the most **effective delivery**
- Program audio level can automatically track the ambient noise level in each viewing area to deliver **intelligible, non-intrusive audio**
- Audio system **interfaces with airport and airline paging systems** to enable passengers to hear pages and boarding announcements
- Viewing area equipment placed with consideration for those who might prefer a **quiet seating zone** within the gate hold room area
- Complete **turnkey** equipment and installation package offered to airports
- **Technical support** available from CNN 24/7
