

1 Braxton Way Suite 125 Glen Mills, PA 19342
484-840-4300 www.ssrs.com

OVERVIEW

The study was conducted for CNN via telephone by SSRS, an independent research company. Interviews were conducted from **January 16-19, 2020** among a sample of **1,156** respondents. The landline total respondents were **430** and there were **726** cell phone respondents. The margin of sampling error for total respondents is +/- **3.4** at the 95% confidence level. The design effect is **1.42**. More information about SSRS can be obtained by visiting www.ssrs.com. Unless otherwise noted, results beginning with the March 31-April 2, 2006 survey and ending with the April 22-25, 2017 survey are from surveys conducted by ORC International. Results before March 31, 2006 are from surveys conducted by Gallup.

Question text noted in parentheses was rotated or randomized. Values less than 0.5 percent are indicated by an asterisk (*).

NOTE ABOUT CROSTABS

Interviews were conducted among a representative sample of the adult population, age 18 or older, of the United States. Members of demographic groups not shown in the published crosstabs are represented in the results for each question in the poll. Crosstabs on the pages that follow only include results for subgroups with a minimum n=125 unweighted cases. Results for subgroups with fewer than n=125 unweighted cases are not displayed and instead are denoted with "SN" because samples of that size carry larger margins of sampling error and can be too small to be projectable with confidence to their true values in the population.

**EMBARGOED FOR RELEASE:
Wednesday, January 22 at 6:30 a.m.**

P9. How enthusiastic would you say you are about voting for president in this year's election -- extremely enthusiastic, very enthusiastic, somewhat enthusiastic, not too enthusiastic, or not at all enthusiastic?

Q15. Generally speaking, do you think a woman can win the presidency of the United States, or not?

	Yes	No	No opinion
January 16-19, 2020	84%	15%	1%

MORE ON METHODOLOGY

A total of **1,156** adults, including an oversample of **150** adults living in 15 battleground states: Arizona, Colorado, Florida, Georgia, Maine, Michigan, Minnesota, Nevada, New Hampshire, New Mexico, North Carolina, Ohio, Pennsylvania, Virginia, and Wisconsin, were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. Oversampled states have been weighted to represent their proper share of the adult population. Interviews were conducted in English and Spanish. Among the entire sample, **32%** described themselves as Democrats, **26%** described themselves as Republicans, and **42%** described themselves as independents or members of another party.

All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage.

Results for the full sample have a margin of sampling error of +/- 3.4 percentage points. For the sample of 1,051 registered voters, it is +/- 3.6 percentage points. For the subset of 500 Democrats and Democratic-leaning independents who are registered to vote, it is +/- 5.3 percentage points. For the subset of 509 adults living in the 15 battleground states, it is +/- 5.4 percentage points.

Interviews were conducted among a representative sample of the adult population, age 18 or older, of the United States. Members of demographic groups not shown in the published crosstabs are represented in the results for each question in the poll. Crosstabs on the pages that follow only include results for subgroups with a minimum n=125 unweighted cases. Results for subgroups with fewer than n=125 unweighted cases are not displayed and instead are denoted with "**SN**" because samples of that size carry larger margins of sampling error and can be too small to be projectable with confidence to their true values in the population.

CNN/SSRS Poll -- January 16, 2020 to January 19, 2020

TABLE 054

Question P9

P9. How enthusiastic would you say you are about voting for president in this year's election -- extremely enthusiastic, very enthusiastic, somewhat enthusiastic, not too enthusiastic, or not at all enthusiastic?
