

1 Braxton Way Suite 125 Glen Mills, PA 19342  
484-840-4300 [www.ssrs.com](http://www.ssrs.com)

## OVERVIEW

The study was conducted for CNN via telephone by SSRS, an independent research company. Interviews were conducted from **January 9-14, 2021** among a sample of **1,003** respondents. The landline total respondents were **253** and there were **750** cell phone respondents. The margin of sampling error for total respondents is +/- **3.7** at the 95% confidence level. The design effect is **1.40**. More information about SSRS can be obtained by visiting [www.ssrs.com](http://www.ssrs.com). Unless otherwise noted, results beginning with the March 31-April 2, 2006 survey and ending with the April 22-25, 2017 survey are from surveys conducted by ORC International. Results before March 31, 2006 are from surveys conducted by Gallup.

Question text noted in parentheses was rotated or randomized. Values less than 0.5 percent are indicated by an asterisk (\*).

## NOTE ABOUT CROSTABS

Interviews were conducted among a representative sample of the adult population, age 18 or older, of the United States. Members of demographic groups not shown in the published crosstabs are represented in the results for each question in the poll. Crosstabs on the pages that follow only include results for subgroups with a minimum N=125 unweighted cases. Results for subgroups with fewer than N=125 unweighted cases are not displayed and instead are denoted with "SN" because samples of that size carry larger margins of sampling error and can be too small to be projectable with confidence to their true values in the population.

**EMBARGOED FOR RELEASE:**

**Tuesday, January 19 at 6:00 a.m.**

Q1. Do you approve or disapprove of the way each of the following has handled the presidential transition?  
**[BIDEN/TRUMP READ IN ORDER FIRST FOLLOWED BY 'THE REPUBLICANS IN CONGRESS' AND 'THE DEMOCRATS IN CONGRESS' IN RANDOM ORDER]**

#### MORE ON METHODOLOGY

A total of **1,003** adults were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. Interviews were conducted in English and Spanish. Among the entire sample, **33%** described themselves as Democrats, **26%** described themselves as Republicans, and **41%** described themselves as independents or members of another party.

All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, population density, and telephone usage. The sample was also weighted to reflect partisan identification and lean computed from the weighted average of the current poll plus three recent CNN polls.

Results for the full sample have a margin of sampling error of +/- 3.7 percentage points.

Interviews were conducted among a representative sample of the adult population, age 18 or older, of the United States. Members of demographic groups not shown in the published crosstabs are represented in the results for each question in the poll. Crosstabs on the pages that follow only include results for subgroups with a minimum n=125 unweighted cases. Results for subgroups with fewer than n=125 unweighted cases are not displayed and instead are denoted with "**SN**" because samples of that size carry larger margins of sampling error and can be too small to be projectable with confidence to their true values in the population.

CNN/SSRS Poll -- January 09, 2021 to January 14, 2021

TABLE 051  
 Question 14

14. As you may know, the Democrats will control both the Senate and the House of Representatives, as well as the presidency. Do you think this will be good for the country or bad for the country?  
 Base: Total Respondents

	Total	Men	Women	White	Ppl of Color	Trump approve	Trump disapprove
